

17 October 2017

Dear Parent

November Maths PPE Exams

I am writing to inform you of the Year 11 Maths PPE Exams that will be taking place in November. The days your son will be sitting these exams are on Friday 3 November, Monday 6 November and Wednesday 8 November, 2017. There will be 1 non-calculator paper and 2 calculator papers, the non-calculator exam will be on 3 November and the second and third examinations will be calculator.

These important exams will give students, teachers and parents a clear indication of progress towards the final exams in June, 2018. Also with this it is a useful exercise as it allows the maths team to use the data to target more specific intervention and lessons in order to achieve target grades and beyond.

Please support us by ensuring your son has the correct equipment that will help make the examination run smoother as well as give him the best chance to succeed. Your son will need the following equipment for these exams:

- Scientific Calculator
- Protractor
- Compass
- Pen & Pencil
- Ruler
- Eraser

Of course, we would also expect that he will now make the most of the time remaining in order to improve as much as possible on his grades and make the most of his revision. Revision sessions will begin very soon which will also serve its purpose of preparing your son for the examinations in June.

If you have any general questions please do not hesitate to contact me.

Yours sincerely,

Ms Murray
Learning Set Programme Director
