22 February 2017

Dear Parents

### OFSTED Inspection – 24 January 2017

As you are aware, the school was visited by OFSTED on the 24 January 2017 and a copy of the Ofsted report summarising the Inspection is available to read on the school website: [www.ntc.kent.sch.uk](http://www.ntc.kent.sch.uk). A copy of this will be available on the Ofsted web site in the next few days.

I am delighted to be able to inform you all that the Inspection concluded that Northfleet Technology College *continues to be good!*

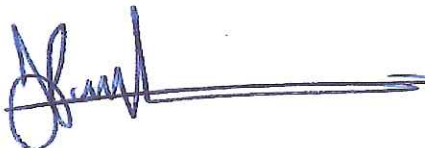

During the inspection, inspectors met with Students, Staff, Governors and Senior Leaders. They observed learning, looked at the quality of students' work and their behaviour both inside & outside of lessons. In addition to this, they referred to parent's surveys and views.

We were very proud that the Inspectors commented extremely favourably on the behaviour of our students and that, when asked, they all reported that they felt safe and happy at Northfleet Technology College.

Inspectors were impressed with the curriculum on offer to our students and noted that Vocational education meets the needs of many students very well. Overall, they felt that students at Northfleet Technology College make strong progress and achieve well, regardless of their abilities.

We recognise that this achievement is not possible without the contributions of our students, parents, staff and governors. However, we cannot be complacent if we are to continue to drive standards forward to make Northfleet Technology College outstanding.

Yours sincerely

Jane Partridge  
Headteacher
