Dear Parent

Warner Bros. Studio Tour – The Making of Harry Potter – 5 February 2018

As part of your son or daughters BTEC Creative Media Production, we have organised an exciting trip to the Warner Bros. Studio at Leavesden where the *Harry Potter* film series was made. As the books were still being released while the films were being produced, the production crew saved many of the iconic sets, props and costumes that were created especially for the films - just in case they were ever needed later on in the series. Once filming wrapped on *Harry Potter and the Deathly Hallows - Part 2* in 2010, the production crew were left with a treasure trove of thousands of intricate and beautifully made artefacts, many of which would not have been saved on a typical production.

Set adjacent to the working film studios where all eight *Harry Potter* films were made, the Studio Tour offers visitors the unique opportunity to explore two soundstages and a backlot filled with original sets, animatronic creatures and breath-taking special effects.

Spaces are limited and priority will be given to those students that promptly return their reply slip with fees before the 8 December 2017.
