Please Tick	Questions
	The vision seems to me to be right for the school and the proposed Trust
	I do not think..... should be a priority in the vision because...
	I would like to see included in the vision, because

- Ensure that local schools remain accountable to local people; this will be the case for all schools in the trust. Irrespective of which school our young people attend, we see them as our shared responsibility.
- Strengthen existing partnership working to develop a sustainable self-improving schools' system.
- Focus our work together on:
 - Further improving the quality of learning and teaching
 - Further Improving the wellbeing of our young people
 - Building on the advantages of sharing resources and expertise
 - Improving value for money in a time of real terms reduction in funding
 - Supporting and developing current and future leaders
- These strategic goals will be addressed through our Trust Action Plan which will be based on regular audits of strengths and areas for development across the schools.
- We believe that the values of a co-operative schools' trust match our existing values but also enables us to be part of a wider national network of schools with complimentary values. This ensures we are outward looking, in our drive to make all our local schools the very best they can be for the young people of the Northfleet and surrounding area

4. Trust Forum

In addition to a minority of governors being appointed by the Trust the cooperative model gives all stakeholders - parents/carers, staff, children and the local community an opportunity to meet as part of a 'Trust Forum' (two or three times a year) to discuss the work of the Trust so the community have a greater 'say' in the direction of local education.

5. If you have any other comments, concerns or suggestions that we should think about during the course of the process to change status and form a trust, please add them on the following page.

Thank you for taking the time to complete this response form.
