Dear Parent

Geography End of Year 9 Test

As we are rapidly approaching the end of this academic year, your son will be sitting a formal end of year test in order to assess his learning on the Geography course so far. These tests will be sat in class during the week beginning 19 May, the final week of this term.

This will allow us to assess your son's current working level at the end of Year 9, and allow us to plan necessary interventions if your son is below his target grade, but also give your son an opportunity to practice real questions from the exam board to further develop his exam technique.

The topics that will be included in this test are the topics that your son has studied this year and are outlined below:

- The Challenge of Natural Hazards
- Tectonic Hazards
- Weather Hazards
- Climate Change
- Changing Economic World
- The Development Gap
- Economic Growth in Nigeria
- Economic Change in the UK

Your son should use his exercise book to revise, along with Seneca – an online learning platform that we have used in lessons. Furthermore, if you have not done so already, and you would like to purchase a revision guide for your son, please return the reply slip below with payment of £5.50 to Mrs Watts in Zone 4. Cheques should be made payable to Northfleet Technology College (in full).

Yours sincerely

Mr M Ray
Geography Teacher

Reply Slip: Geography Revision Guide

Student Name: _____ Year Group & LC: _____

I/We would like to purchase the revision guide, and enclose the non-refundable fees of £5.50.

Signed: _____ Date: _____

Please return to **Mrs Watts** located in zone 4.
